

# Hauser Lake Fire Protection District

## Standard Operating Guideline Support Personnel Response

Effective: \_10\_/\_1\_/\_2013

SOG 28

### Support Personnel Response

#### 28.01 Purpose:

The purpose of this Guideline is to provide guidance for Support Personnel responding to an in district incident. Out of district response will occur only if requested by incident through one of our officers/command.

#### 28.02 Definitions

Support Personnel are those personnel, excluding Auxiliary members, who provide services such as traffic safety or other ancillary services and whose services may be required during an incident.

**28.03** Support personnel shall not respond code.

**28.04** It is the Incident Commander's responsibility to assign duties that are within the capability and training of the responding support personnel. If Support personnel are assigned a task that is outside his/her abilities or training they must inform their superior of the issue and decline the task.

**28.05** Response should be as follows:

- A. Respond to the station until given an assignment for that incident.
- B. Upon approaching an incident contact shall be made with the Incident Commander or report to Staging to receive/verify the assignment.
- C. When at the station let command know that "Hauser Station is manned with # persons" on the assigned operations Chanel.
- D. Always wear appropriate PPE for the assignment/incident.
